Reviews 2010 - 2008

I just want to say thank you so much for everything you did for us on our big day. The music was great and the timing of the rock and roll was perfect it was so good to see so many people on the dance floor. But overall I have to say that you were an absolute legend and so kind to give us advise and try and keep me calm and relaxed. I never expected the DJ I found of the internet to be so lovely and helpful and you really did make a big difference to making our day special.

WOW WOW WOW, what a fantastic evening, my lovely daughter Katie, transforming the venue into a 50's diner and you delivering brilliant and well balanced music, did you see the dance floor empty?? Me neither, you had the venue rocking from start to finish, I certainly danced my 60 year old legs off. You adding such a lovely touch at the end by coming to find me and singing to me (a bit of a duet going on there, great voice by the way)that was quite special. My calls of this morning from family and friends were all singing the praises of DJ Darren, you made my party one hell of a bash a 110% professional and a truly great guy. My special thanks to you & best wishes.

We had a fantastic day and a great evening!
The music you played was great and we were very impressed.
I know when there is a band people don't always dance to the DJ but I didn't think this was the case at all. The dance floor was full all night!
You both did a brilliant job, you were very professional and I would definitely recommend you to my friends and family.
Many thanks.

I would like to thank DJ Discos for the excellent music at our wedding on July 12th. The choice of music was exactly right, as could be seen by the fact that the dance floor was full all the time and guests didn't want to stop dancing at the end of the evening. I can say that you were an important part of the evening, thank you again.
